CONSTANTINE'S SWORD

NO WAR IS HOLY

SYNOPSIS

"This film is a journey of remembrance & reckoning. It's the story of James Carroll, a former Catholic priest, who confronts his past & uncovers the roots of religiously inspired violence and war. His search reveals a growing scandal involving religious infiltration of the U.S. military."

"Magnificent"

Director's Comment

"We're living in a world at war. And we're living at a time when people on both sides are using religion as an excuse to go to war....Our film poses the question: Where did anyone get the idea that it was all right to kill people in the name of God?"
